MEGHANN ARTES

Drawing from a smalltown childhood and an urban adulthood, Meghann's work artfully utilizes everything from handmade elements to ultra-modern techniques. Whether it's stop motion animation with carefully crafted miniatures, pixilation with comedic actors, or a live action musical with eighteen dancers, Meghann brings the same trained eye, attention to detail, and enthusiasm to every gig. Her award-winning short films have played at festivals around the world and have received Vimeo's Staff Pick and Short of the Week. Meghann currently holds her family record for the biggest walleye catch.
